EDUCATION

2020 - present	B.E (CSE) at Chitkara University	(CGPA: 9.7)
2019-20	12th S.G.H.P School	(Percentage: 78)

WORK EXPERIENCE

GeekX Feb 2023 - Mar 2023

During my internship at GeekX , I had the opportunity to work on their website using ReactJs . My main responsibilities included: Developing new features and functionalities for the website using React.

SolarSecure Solutions Nov 2022 - Jan 2023

Developed and implemented HTML, CSS, JavaScript, and Node.js during internship, demonstrating proficiency in web development technologies. Successfully completed assigned web development projects using HTML, CSS, JavaScript, and Node.js, showcasing strong problem-solving and coding skills.

PROJECTS

Weather Check [Link to Demo](#)

Developed a weather check project, utilizing skills in front-end web development and API integration to create a weather app that displayed current and forecasted weather conditions. Implemented API requests to retrieve weather data from a third-party API, and incorporated JavaScript to update the background with weather information.

Barista [Link to Demo](#)

Created a Cafe and Bakery website with a user-friendly interface that allows customers to easily navigate through the various products. Made using HTML, CSS, and JavaScript. Designed responsive layout that adapt to different screen sizes and incorporated interactive features using JavaScript.

Portfolio [Link to Demo](#)

Developed a portfolio project using JavaScript and React features, utilizing skills in front-end web development to create a modern and responsive user interface. Designed custom animations and transitions using React's animation library to create an engaging and immersive experience for the user. Utilized React hooks to implement form validation and data filtering.

SKILLS

Programming	C++, Java, Git, MYSQL, Javascript
Programming Skills	Data Structures and Algorithms, DBMS, React.js, SCSS, CSS, HTML

CERTIFICATIONS

Java	Coding Ninjas
Advance Web Development	Coding Ninjas
Python	Coding Ninjas
